Protecting  
our environment

RELIABLE | RESPONSIVE | CARING

**SOLUTIONS** SK

A Stockport Council Company

Delivering on our commitment to keep the borough clean and green, Solutions SK has brought together a range of cleansing and waste related services.

Waste management and recycling is a very important part of everyday life and as such, is a never-ending process. As quickly as we create waste, it needs to be collected, sorted and disposed of in a responsible manner. At Solutions SK we pride ourselves in always being street wise, proactive in waste management and dedicated to doing our best for you and our environment.

With the simple remit of 'Cleaner Streets and Less Waste,' our Environmental Services department provides a single point of contact for cleansing and waste management services. This improves our delivery to you and also ensures that we can resolve any issues you may have, quickly and effectively.

#### Refuse Collection

We operate a fortnightly household refuse collection service, serving you and 265,000 other customers across the borough.

#### Garden and Food Waste Collection

We provide a weekly collection of garden and food waste in a green wheeled bin. A waste food caddy will be supplied if you don't have a green bin.

#### Recycling Collection

An extensive recycling service is provided to all Stockport households, which includes collecting glass bottles and jars, food tins, drink cans, aerosols, newspapers and magazines, amongst other materials.

#### Street Cleansing

Providing a service throughout the entire year (excluding Christmas and New Year's Day), our Street Cleansing Operatives ensure that Stockport's streets are maintained to the required standards.

We stay streets ahead by:

- Ensuring all roads are free from litter, detritus, rubbish and animal faeces
- Emptying litter bins at a frequency that prevents them from overflowing
- Keeping public land free of fly tipping
- Keeping the roads clear of dangerous wet leaves and blossom
- Attending road traffic accidents and removing dead animals
- Removal and disposal of drug litter
- Cleaning council car parks

When it comes to street cleansing and waste management, we are streets ahead. If you need any more information or would like to give us your valued feedback, contact us or visit our website.
